### Description:

Dubai Sound City is a three-day winter music festival with 50 bands playing over 3 day in the unique settings of Dubai. This is the first time that such an electric line-up of indie/rock/dance acts have played anywhere in the United Arab Emirates (UAE). Since all the venues, where the bands will perform, are licensed all festivalgoers can enjoy a drink while watching their favourite bands and celebrating the city's growing music scene. The festival will take place at five venues across the city: The Irish Village, the Alpha, the Chi@ The Lodge, the 360 and the Le Meridien Village. Dubai Sound City has been established to celebrate and develop the regions burgeoing music scene and industry.
